

INTERNAL ASSESSMENT FOR ENVIRONMENTAL STUDIES

For session- **2019-2020 (I Year , Semester- II)**

Subject: **Environmental science (Theory)**

Paper Code: **72182801**

For Undergraduate Courses / Program:

- 1. B.A.(H) Pol. SC. I Year Semester-II**
- 2. B.A.(H) Economics I Year Semester-II**
- 3. B.A.(H) English I Year Semester-II**
- 4. B.A. Program I Year Semester-II**

- Internal Assessment

1. Written Assignment

Assignment for the Internal Assessment

Question:

"Despite several adverse effects on human health, economy, and general societal well-being, COVID-19 pandemic temporarily improves the global environmental condition."

Elaborate the above statement in the context of a global environmental perspective and elucidate the world's environmental condition before and after the COVID-19 pandemic outbreak. Did you experience any change in the local environment during this "**Lockdown**" period? Explain it in the form of a case study/

***Hint.1.** Due to the COVID-19 outbreak, we witnessed a massive change and significant improvements in the environmental condition during the lockdown period across the globe. We see striking blue skies and clear water of the river in places, from **Delhi to Beijing, Los Angeles to Mumbai**. You might have come across the recent news, "**Dhauladhar**," the Himalayan mountain range is now clearly visible from Jalandhar, a city in the state of Punjab.*

2. For the case study: you can evaluate the environmental condition at local scale like in your communities, city, district or state during this lockdown period

Note: Show your writing skills, the more you write, the more you learn. Write your answer in at least 3 to 4 pages and **send it on or before 3rd May 2020.**

Please send your answer on the following Email: evsclass.dbc@gmail.com
